HOW TO PREVENT PNEUMONIA. At this time of the year a cold is very easily contracted, and if left to you. run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure cought or cold than Chamberlain's Cought Remedy. We have used it quite extensively, and it has always given entire satisfaction—Olagah, Ind.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thous-ands who have used it for colds and la grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand.—For sale by all druggists and dealers.
